

Hello Developer!

Thank you for purchasing this pack!

To get the image effects on the camera just like in the demo pictures please go to Window-Package manager and import the **post processing** package.

If you have any problems then please send me a email and I will do my best to help you!

Email: esfgames@hotmail.com

If you enjoy this package, then please leave a rating in the asset store!
It is much appreciated!

Kind regards.
